Rise, Tarnished, and Become an Elden Lord in the Lands Between! The world of Cracked Elden Ring With Keygen is set on the Continent of Asceroth, which is a place filled with countless strong beings who are fused with gems and ornaments. The fierce creatures known as the Elden, who are the descendants of humans who have fused with gems and ornaments, live in the wild lands beyond the capital city and expand their influence beyond the existence of all. The main character, who has become lost in the Lands Between, is suddenly rescued by the girl known as Tarnished, who is the leader of the town of Mist Keep. Together with the girl, who is also lost, they try to find their way back to the world of humans. The Lands Between are a place where the struggle between the former existence and the new expansion between the Elden and the humans rages. In the Lands Between, a variety of places, such as fortresses, cities, castles, and plains, can be encountered that have strong defenders. While the Elden are war-like, strong, and merciless, the humans are also savage and powerful, and they have their own strong loyalty. Throughout the story, you will meet many powerful enemies and even tougher opponents, such as dragons, who are stronger than most humans. The worlds of humans and the Elden are also connected through a bizarre and illogical world. By using the power of the Elden's rings, the main character can freely cross over between the two worlds and take action. How about it? Are you ready to step into the lands between?
