Although most of our patients were diagnosed as having metastatic disease at the time of presentation, some patients were diagnosed at the time of treatment initiation. There are a number of limitations of our study. First, the single-centre experience, which may not be generalizable to other institutes. Second, the potential inclusion bias, which may have resulted in cases of advanced treatment-refractory patients not being included in our study. Conclusions {#s5} ===== The results of this study show that gemcitabine-containing combination chemotherapy appears to provide modest efficacy for therapy-refractory patients with advanced BTC. Our findings should be validated in larger and prospective clinical trials. Background score in Hindi movie Tanu Weds Manu Returns When it comes to background music in the film, I'd say that the one that stands out is the traditional stringed one and other instrumental ones used on the opening and closing. I would recommend that you get a copy of the background score on iTunes, Google Play, Amazon or any other website where you can legally download stuff. On some sites, these can be gotten individually for a few cents each, or they can be gotten for free, depending on the collection. My iTunes collection has more than 125 tracks, and if you wanted to download the whole thing, I'd recommend you do not go past the 10 tracks. If you see any other background music that I have used, please let me know! I'd love to know what I've used and if it's something you think that you'd like to hear more of.
