But since a lot of work got done, and it is quite a big release, I have mostly the League of Reborn, and my own personal projects to show you. Along with a couple of great Monster games (Tales of Cthulhu and Magical Alphabet) and a game where you play a cave-dwelling man that gets hit with fast food. So here are a couple of screenshots. (Please give me the review!) If you read the first two, start reading here. It takes to the same place, but you get a nice collection of books. Cost: ♥ Patreon I have been thinking about creating a Patreon, but didn't really know if it is good for single-person development. If any of you is willing to join, just let me know and I'll give you access to Patreon at an early stage and early access to the games on there. Then you can leave a nice review and your name
